EDUCATION

Sree Vidyanikethan Engineering College
Computer Science And Systems Engineering ; GPA: 8.57

Tirupati, India
September 2020 - May 2024

SKILLS SUMMARY

- **Languages:** Python, SQL
- **Frameworks:** Pandas, Numpy, Matplotlib
- **Tools:** Power BI, Excel, PowerPoint, MySQL
- **Platforms:** Jupyter Notebook, Visual Studio Code
- **Soft Skills:** Rapport Building, Strong Stakeholder management, People Management, Excellent communication

WORK EXPERIENCE

AI-ML Virtual Internship- [EduSkills]

May 2023 - Jul 2023

- Implemented and maintained cloud-based ML applications using AWS SageMaker, Lambda, and related services, ensuring operational stability and performance.
- Monitored deployed solutions and performed troubleshooting to resolve technical issues, maintaining service levels for business-critical applications.
- Optimized AWS infrastructure using automation and stakeholder collaboration to enhance resource efficiency and delivery alignment.

PROJECTS

Optimizing Agriculture with Machine Learning(Final Year Project)

[LINK](#)

- Developed predictive models (KNN, Naive Bayes, Decision Tree) with 93%+ accuracy by analyzing agricultural datasets.
- Translated stakeholder requirements into actionable insights to drive model performance and usability.
- Tested a crop recommendation model using Python, Flask, HTML, and CSS, improving decision efficiency by 85%.
- Conducted unit testing and validation, collaborating with teams to ensure reliability and boost productivity by 40%.

The Arrangers - Travel Website

[LINK](#)

- Developed a responsive travel website using HTML, CSS, and JavaScript to address common tourism issues through collective service offerings.
- Analyzed user needs to design intuitive UI components focused on performance, usability, and accessibility.
- Ensured cross-browser compatibility and mobile responsiveness, adhering to modern web standards.
- Created clear documentation of UI structure and design approach to support future enhancements and scalability.

HR Data Analytics Dashboard

[LINK](#)

- Led end-to-end development of a real-time HR analytics dashboard using Power BI and Excel, visualizing key employee metrics.
- Collaborated with stakeholders to gather requirements and translate them into effective, data-driven visual solutions.
- Created and executed test scenarios to ensure data accuracy, functionality, and timely project delivery.
- Delivered actionable insights to HR teams, enabling informed decision-making and improved workforce strategies.

CERTIFICATES

Programming in Python (Unwired Learning) [| CERTIFICATE](#)

- Mastered fundamental Python syntax, proficiently utilizing control flow, loops, functions, and data structures.
- Acquired expertise in procedural programming paradigms and associated logical concepts, enhancing capabilities.

Certified Data Analyst (AnalytixLabs) [| CERTIFICATE](#)

- Learned about the data ecosystem, including the ETL process and big data basics.
- Mastered data gathering, identification, and cleaning for analysis preparation.

Pearson Mepro Level 10 Expert [| CERTIFICATE](#)

- Certified Pearson MePro Level 10 Expert in English, demonstrating advanced proficiency in reading, writing, listening, and speaking. Skilled in professional communication and academic-level language use.
